- Help characters dress at First Lutheran before going to the park
- Work the warming trailer at Riverside monitoring food & drink

**Contact** Dean Buchanan with questions: 608-386-7222

## Dear Brothers and Sister in Christ,

With a full heart of sincerity we invite each of you to search your heart, and if you feel so called, to **add your name to our prayer chain**. We bring this humbly before you with love and the intent that we would all join in supporting one another in our daily needs (no prayer is too small). As God's children, we come before Him and lay our requests at His feet. As a church family, we support, encourage, and build each other up in all times and circumstances. Thank you for your prayerful consideration!

This is an example of an email that goes out once a week unless specific needs arise later in the week.

---

God's Many Blessing to you all! I pray that the prayers we share are God pleasing and we always keep His will as first priority. That we are willing each day to be open to doing what He asks of us, that we all would have faith as small as a mustard seed and trust God that we could move mountains (even the ones in our heart) and that He would help our unbelief! Prayers for:

- 1) continued prayers for those who have needed them in our past weeks, for continued love, support, and healing. As life continues we are aware of those that would still be struggling around us.
- 2) our Pastors and their families, we pray encouragement and support for all they have been called to do, that we are aware of how they could use encouragement as well.
- 3) All of our brothers and sisters in Christ who are struggling, persecuted, and affected by cruel tragedy. May we give all of ourselves to God and trust His ways. Let us draw nearer to God in our weakness, and know God has a plan and it will be all to His glory.

**Thank you all for your prayers!** There has been some feedback and relief for some of those we have prayed for, **PRAISE GOD!!!**

---

**Prayer Chain sign-up is on the table  
in the narthex.**
