God's people want to tell others about the peace, joy and forgiveness they have in Jesus. We may know someone who "used to come all the time." We may know someone who never had a church. How do I speak? What should I say?

Let's Go! Let's *love* those God has placed around us. Let's *listen* to them as they express their fears and thoughts. Let's *lead* them to Jesus as the answer to all their questions! Here are the details:

Time: 6:00 -7:00 pm

Place: Multi-purpose room

Dates: Wednesdays in October and November | October 5: Love, part 1 | October 12: Love, part 2 | October 19: Listen, part 1 | October 26: Listen, part 2 | November 2: Listen, part 3 | November 9: Lead, part 1 | November 16: Lead, part 2

Science Donations The 5th-8th grade science curriculum at Christ-St. John's school encourages our students to get their hands dirty (figuratively and sometimes literally). Each chapter students are engaged by a teacher-led demonstration and then get to put what they have learned into practice through hands-on stations and lab activities. Many of these activities use everyday items that can be found around the home, around the yard, or purchased for a reasonable cost. If you would like to help out our science program, please check by the ushers' counter for a three-ring binder to see what kind of items or volunteering of time would be greatly appreciated. The items range from plants you may have around your yard or house to balloons to an invertebrate specimen kit. The items are listed with a quantity, brief description, and a date needed. Please feel free to reach out to Mrs. Amber Frelitz with any questions or to let her know of any items you would like to donate. Mrs. Lisa Black in the school office will also have access to the list and can add your name as a contact for a particular item. Thank you for considering helping with these great opportunities for our students.
